

New Chamber Music Promoter Programme

Are you interested in creating your own chamber music series? Would you like to experiment with different ways of presenting and programming chamber music?

Our New Chamber Music Promoter Programme is a two-year development opportunity to receive financial support, advice, and guidance from Chamber Music Scotland. In addition to up to £2,500 each year, we can offer support in regards to budgeting, fundraising, marketing, and programming. The NCMPP recipients would also have access to CMS resources, such as the promotion of your concerts on our website and social media pages.

If you think you would benefit from our New Chamber Music Promoter Programme and would like to be considered for a place, please fill out the application form below and return it to haley@chambermusicscotland.com by **Monday, 30th March 2020**.
